## About us

With over 20 years of experience in manufacturing water purification systems, ADRONA has established itself as a trustful and reliable partner to customers and dedicated distributors worldwide. Our portfolio includes a complete range of systems for reverse osmosis, pure and ultrapure water according to the international quality standards (ISO 3696 and corresponding ASTM and CLSI standard). Scientific applications in universities and research institutions, clinical laboratories and industry – we provide the right solution for every customer.

ADRONA management system and manufacturing site operates in accordance with ISO 9001:2015. We are certified for manufacture, sale, and service of laboratory equipment.
