

SM Pack SpA (Italy) and SM Pack Ibérica, S.L. (Spain) and Worldwide Glass Resources, Inc. (USA) announce a partnership agreement to serve both the US and European Markets.

The new strategic relationship has been instituted to expand our mutual interests in Europe and the North American market. This will further strengthen our positions with the combination of our shared collective production capacities and technical expertise. The companies will also explore other opportunities to drive profits and develop new products.

SM Pack America LLC whose headquarters will be in Vineland, New Jersey USA with the initial aim of expanding the North American Market with products manufactured in the European plants of SM Pack SpA (Italy) and SM Pack Ibérica, S.L. (Spain).

Worldwide Glass Resources Srl, whose headquarters will be in Felino-Parma, Italy with the initial aim of expanding the European Market with products manufactured in the plants of New Jersey, U.S.A. and Felino – Parma, Italy.

The European and US manufacturing facilities will serve as Recovery Plants. This agreement will grant greater safety to both Companies and to all our Customers in the case of natural or industrial disasters.
