ALPHA CHEMIKA founded in 1967 is a pioneer in manufacturing & exporting laboratory grade chemicals. Our clientele includes MOH, MOE (worldwide), middle east, Africa and European countries.

We strive to provide the best quality certified by an ISO 9001: 2015; ISO 14001: 2015 ; OHSAS 18001:2007, CE certificate and WHO:GMP.

Our integrated manufacturing system, outstanding combination of advanced technology, expertise and experience in production has made us a global leader manufacturing more than 30000 chemical products.

We are specialists in the manufacture of inorganic salts, high purity acids, organic chemical products, high purity solvents, dehydrated culture media and other products for special applications, guaranteeing compliance with our customers specification.

Our product portfolio includes a wide range of Fine & Specialty Chemicals, Inorganic salts, HPLC grade solvents, GC grade solvents, Ion-pairing reagents, Electronic grade products, Research Chemicals and reagents etc.

We also specialize in laboratory apparatus and equipment, glassware equipments used in physics, chemistry and biology, engineering soil testing, microscopes porcelain rubber electronics products and global educational tenders.

We provide BEST QUALITY at LOWEST PRICE with INTERNATIONAL PACKING STANDARD assuring 100% ON TIME DELIVERY as per customer specification.

We are committed to handle bulk and small orders with the same pace as per the delivery commitments.

We are specialized in handling multi hazardous shipment in single lot.

Our Range of Products are as follows:

- Laboratory Chemicals/ Analytical Reagents/ Solutions/ Rare Metals
- Amino Acids/ Biochemicals/ Culture Media/ Diagnostic Reagents
- High Purity Acids/ DRY Solvents/ HPLC & Spectroscopy Grade Solvents
- pH Papers Full Range/ Filter Papers/ Buffer Tablets & Capsules
- Molecular Biology Reagents/ Electrophoresis Grade/ DNA Synthesis
- Microscopical Stains & Indicators/ pH Indicators and Solutions
- Precious Metallic Salts/ Organic Intermediates/ Research & Speciality Chemicals
- Ion Pairing Reagents/ Ion Exchange Resins/ Parafilms/ TLC Plates
- Dyes & Stains: Staining Solutions, Hematology and Histology, Redox Indicator
- Pharmacopoeial Grade/ DRY Solvents/ Trace Analysis/ Karl Fischer Reagent
