

Complete Corrosion Solution

## PTFE/PFA/FEP Lined Pipes and Fittings

Ablaze Polymer and Lining is part of the 30-year-old Ablaze Group. The company specializes in manufacturing of fluoropolymer lined Pipes, fittings, valves and customized products.

Ablaze proudly supplies and fabricates lined Pipe & Fittings for transferring chemicals, strong acids, corrosives or other hazardous materials at high temperatures.

### Lining materials available :

Polytetrafluoroethylene (PTFE)  
Fluorinated ethylene propylene (FEP)  
Perfluoroalkoxy (PFA)

Our team of qualified and trained engineers have enabled us to provide our respected clients with a quality range of lined customized products. Owing to their resistance to corrosion, these products are very beneficial for various chemical industries.
