

## SEFA Presentations at ARABLAB 2022

### *Innovative Labs Throughout the World — Dubai, U.A.E*

The Scientific Equipment & Furniture Association (SEFA) is featuring a series of presentations focused on innovative lab projects from throughout the world. These presentations will take place inside the SEFA Theatre within the trade show area. Join SEFA and Representatives from S+B UK and TRESPA, B.V., on Tuesday, October 25, 2022 at 11:45 for another stop on SEFA's tour of Innovative Labs Throughout the World —

#### University of Birminham Dubai, U.A.E.

This outstanding new campus demonstrates a commitment to providing a world-leading, research-informed, elite university education in the heart of the United Arab Emirates and continues our legacy of connecting the brightest students from across the globe in a university renowned for research and teaching.

This new campus has been specifically designed to embrace sustainable practices, ensuring the University leads the way in corporate environmental responsibility whilst delivering a modern building that is capable of adapting to changes in technology, learning and climate.

State-of-the-art laboratories utilize the latest technologies in the teaching of Mechanical Engineering and Computer Science. These laboratories will allow students to benefit from transformational teaching in spaces designed to encourage and facilitate collaborative and interdisciplinary working.
